

CASTLEFIELD GALLERY

40 YEARS OF THE FUTURE

→ **WINDOWS**

→ **DEGREES OF DUALITY**

16 February - 13 April 2025

Welcome to Castlefield Gallery. We are drawing our 40 year anniversary programme to a close with two new commissions, 40 Years of the Future: *WINDOWS* by Matthew Wood and 40 Years of the Future: *Degrees of Duality* by Kay Shah. On our upper floor you will also find items from our archive presented alongside Castlefield Gallery Editions and multiples which are available to purchase..

Matthew Wood's new work has taken over our windows in Manchester and Castlefield Gallery New Art Spaces windows in Chester and Warrington.

Kay Shah's installation *Degrees of Duality* occupies our back lower gallery and has been specially developed to accommodate community events and a variety of live events, talks, and workshops developed by artists from across the region. As well as creating a beautiful installation for others to hold space, *Degrees of Duality* provides an incredible setting for the first public display of Castlefield Gallery's **40 Years of the Future: Editions**, developed in collaboration with our Artist Patron, Ryan Gander OBE RA, featuring work by Joy Division & Peter Saville CBE; Bob & Roberta Smith OBE RA; Lindsey Mendick; Shezad Dawood; Hannah Perry; Simeon Barclay.

Please note: During the exhibition parts of the gallery may be inaccessible whilst we host events. To find out more ask the team, or see @castlefieldgall | castlefieldgallery.co.uk
